## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Brentwood in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Swasey School in said Brentwood on Tuesday, the ninth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the town will vote to rescind all zoning and building regulations now in force. (By petition.)

4. To see if the town will vote to allow the selectmen to sell the Wadleigh land acquired by tax deed.

5. To see if the town will appropriate and raise the sum of \$1,179.70 to reimburse the Brentwood Volunteer Firemen's Association for the siren. (By petition of the Association.)

6. To see if the town will vote to authorize the establishment of a Capital Reserve Fund for the Fire Department. The sum of \$2,000.00 to be appropriated each year until, or when, the need for a new truck (totally equipped, and approved by the New Hampshire board of Fire Underwriters) arises. (By petition.)

7. To transact any other business that may legally come before this meeting.

Given under our hands and seal this eighth day of February, in the year of our Lord nineteen hundred and sixty-five.

LEROY M. LAKE  
FREEMAN G. NEWTON  
NORMAN B. SMITH

Selectmen of Brentwood

A true copy of Warrant—Attest:

**REPORT OF THE CHIEF OF POLICE**

Honorable Board of Selectmen  
Citizens of Brentwood

Here is my report for the year 1964 accounting for some of the activities of the Police Department.

During the past year the Police Department lost the oldest and one of its most beloved members, Charles Brown. His smiling face will be missed by all of us at the polls on Town Meeting Day.

To his widow, Mrs. Viola Brown, goes our deepest sympathy.

The past year has been a very busy one for your Police Department. Calls and Complaints 207, Summons served 14, Arrests 12, Accidents investigated 27, Camps and Buildings inspected 23.

The largest increase this year was breaking and entering. There were 14 buildings broken into with several hundred dollars worth taken, much of which has been recovered. The 14 buildings entered, with the exception of one, was done by people outside of Brentwood.

The department this year as in the past has worked with the Little League in fund raising suppers.

In conclusion I wish to thank the members of the Department, Town Officers, other departments and citizens for their cooperation this past year.

JOSEPH H. SOUTHWICK,  
Chief of Police

**BRENTWOOD LIBRARY REPORT**

Again with pleasure I write this report as Librarian of Brentwood Free Library. With the Trustees I have attended the regular meetings of the Shieling group and Co-operative book buying, also two meetings with the State Library Consultants. With money appropriated for books, some very good books have been purchased and are now in circulation. We also use a large source of books from the Book Mobile, for which we are very thankful.

Our output is even on the increase.

Also wish to thank the townspeople for their co-operation in voting money for the betterment of Library Building. Thanks again to the Trustees for their co-operation and allowing me to be Librarian.

Respectfully submitted,

FLORENCE E. CORBETT,

Librarian

Due to circumstances which the trustees were not aware of, this money was received too late to spend before January 1, 1965. However, we are working hard on the project and the money will be spent soon for the project it was designated for.

## **REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF**

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2,280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued co-operation we are confident that we can improve our fire record in 1965.

### REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

Twenty calls were answered during the year 1964, including forest fires.

As of now, the Brentwood Volunteer Fire Department is approved and recognized by the New Hampshire Board of Fire Underwriters.

Classes on all phases of firefighting and drills were held during the year. These classes will continue to be held this coming year.

New equipment donated to the firemen by the Ladies Auxiliary this year is as follows: 3 radios, 6 helmets, 2 flood lights, and 6 raincoats.

Other equipment has been donated by this organization in previous years.

I wish to thank the officers and members of the Department, the Ladies Auxiliary and other Departments and citizens of the town for their fine cooperation this year.

Your Fire Department is ready to serve you in any way possible.

SIDNEY PARSHLEY,

Chief

**RECORD OF SCHOOL BOARD MEETING, MARCH 7, 1964**

At a legal meeting of the inhabitants of the Town of Brentwood qualified to vote in District affairs, held at the Swasey School March 7, 1964 the following business was transacted:

Article 1. A motion was made and seconded to accept the salaries of district officers as stated in the town report. Motion carried in the affirmative.

Article 2. Mr. Lake made the announcement that after 15 meetings with the committee on Cooperative Schools that some towns had withdrawn and there were now only four towns interested. One of the conditions put forth by Sanborn Seminary was that it should be a five-town cooperative. Mrs. Pare then told us that Epping had asked for acceptance into the study group for the cooperative. A motion was made and seconded to continue the study of the cooperative and to accept Epping as the fifth town. Motion passed in the affirmative.

Article 3. Mr. Thorsell made a motion to pass over this article until Articles 4, 5, and 6 were considered. Motion seconded and passed in the affirmative.

Article 4. A motion was made and seconded to tile the basement floor. Motion did not pass.

Article 5. A motion was made and seconded to install a partition in the all-purpose room. The school board explained the need for an extra classroom. The temporary partition would cost approximately \$680. A motion was made and seconded to vote by ballot on this article. The motion carried. The checklist was used and 77 ballots were cast. Result: 49 against a temporary partition, and 28 for the temporary partition.

Article 6. A motion was made and seconded to authorize the school board to purchase a good mixer for the hot-lunch program, the price not to exceed \$585. Motion passed in the affirmative.

Article 7. Mr. Lake explained why this article was in the warrant. Because Sanborn's tuition was above the state average for high schools, it was necessary for the School Board to obtain permission to pay any tuition that is above such average as set by the State. A motion was made and seconded to pass this article. Motion passed in the affirmative.

Article 3. Mrs. Ladd made a motion to accept the school budget — the motion was seconded. Mr. Thorsell made a motion to have the School Board explain the budget item by item. Motion seconded and passed. Mrs. Ladd then explained each item. Controversy arose over the increase in certain salaries. Also over the extra teacher to be hired for the temporary classroom in the basement. A definite need for the partition that was previously voted down was reconsidered. Mr. Wilson addressed the voters gathered and explained the urgent need for the classroom, the new teacher, and also for the partition in the basement. The Article was again set up for a motion. This time Article 5 was seconded and passed in the affirmative. The budget finally adopted was for \$106,354.00. Motion seconded and passed in the affirmative.

Article 8. With no further business to transact, a motion was made to adjourn at 10:40. Motion seconded and passed in the affirmative.

Respectfully submitted,

MARGARET E. POLLACK,  
School Clerk

## **SUPERINTENDENT'S REPORT**

It is with pleasure that I submit this, my third annual report to you.

This past year has certainly been an unsettled one, especially as it relates to co-operative school studies and, in general, supervisory union re-organization.

As you know, the year started with a continuation of the eight-town Southeastern New Hampshire Co-operative School District Planning Board study. The towns involved in this group were Atkinson, Brentwood, Danville, Fremont, Kingston, Plaistow, Newton and Sandown. However, on February 27, 1964, the delegates from Atkinson, Danville, Plaistow and Sandown surprised everyone by requesting permission to withdraw. Immediately, conflicting stories concerning the probable reasons for the withdrawal began circulating. As is usually the case, most of these were false. There was one, and only one reason — the formation of an eight-town co-op in such a rapidly growing area proved to be simply impractical.

Soon after this separation, two small groups were organized and became known as the Timberlane Regional School District Planning Board and the Sanborn Regional School District Planning Board. Remaining in the Sanborn group were Brentwood, Fremont, Kingston, and Newton.

The Timberlane Planning Board study progressed very rapidly and by June 1964, the completed co-op plans were presented to the voters for approval. By an over-whelming affirmative vote on June 11, the Timberlane Planning Board's proposal was accepted. Thus, the Timberlane Co-operative School District was officially created.

On the other hand, the Sanborn Planning Board study moved much more slowly. Never-the-less, progress was made and on February 20, 1965 you will also have an opportunity to express your feelings by casting a vote.

Since printing demands require me to write this report in January, to be read in March, any recommendation I

might make here relative to the February 20th meeting would obviously be too late. I do hope, however, that you followed my last year's recommendation and voted yes. If you did so, I certainly congratulate you.

The temporary classroom constructed in the all-purpose room is working out very well — much better than ever anticipated. Since there are still some strong feelings relative to this arrangement, I might once again state, and state emphatically, that this room is only a temporary facility. As soon as a definite decision is made regarding co-ops, the use of this area for a classroom will be discontinued. If Brentwood does not send its seventh and eighth graders to a co-op or to some other junior high school in the area, a local building program will be absolutely necessary. This proposal will be presented by the school board for consideration in March, 1966.

In closing, I wish once again to commend you and your fine school board for providing the funds that have been requested in the past, and hope that this willingness to support good education will continue.

I want also to thank Mr. Hanson, his teachers, and all school personnel for helping to make more enjoyable a most difficult job — that of being superintendent of schools in seven different towns.

FRANCIS C. WILSON,  
Superintendent of Schools

**SCHOOL NURSE'S REPORT**

To the Superintendent, School Board, and Citizens of Brentwood:

The burden of my message this year concerns the physical set-up of the health unit at Swasey School. As population increases, and the attending changes in school housing are being made, very little, if any, thought is going into the provision of space for health needs.

It is conceivable that in the not-too-distant future our elementary school will be staffed with a full-time nurse, besides other personnel on a part-time basis. These may include speech teacher, oral hygienist, doctor, psychologist or guidance director, and others.

Even now, a health suite is a primary need and should include the following:

1. An examining room to be used by the school physician; the oral hygienist for dental screening; the school nurse for individual screening of children; the guidance director for testing when needed; and for such activities as vision screening, measuring heights and weights, etc. It is recommended that this room be soundproofed, and have running water, mirrors, table and chairs, and a cabinet for supplies. The room should be located where natural light is available and a folding door should be provided to close off this space when necessary.
2. First aid and emergency care room.
3. Conference Room. This space can be used for individual or group conferences, large enough to accommodate four to eight people. It is recommended that two desks be provided and a folding door in case it is desired to make two separate conference rooms.
4. Other facilities needed in the multi-purpose room are:
  - a. toilet and lavatory.
  - b. files
  - c. telephone
  - d. cabinets for supplies

Those who have the responsibility of designing or planning school buildings may consult standard sources in order to allow the physical environment of the school to make its finest contribution to the health of the school child.

Many thanks for your continued co-operation.

Respectfully submitted,

CONSTANCE J. HUSS, R.N.
